Hi. For review attached is a response to a PFAS question on TRI. The question follows up on an earlier call with the NH Congressional delegation (Sen. Shaheen, Sen. Hassan and Rep. Kuster). Note that the last sentence of the answer in blue highlight regarding the reg agenda should not be shared with the constituent since it is not out yet.

*"A forthcoming Unified Agenda of Regulatory and Deregulatory Actions will provide anticipated milestones for this action, which includes an Advance Notice of Proposed Rulemaking that is anticipated to be published in October 2019."*
